

Union Halts Wheat Deal

Loading Operations Tied Up By Boycott At Ports

MIAMI BEACH, Fla. (AP)—A union boycott blocking multi-million-dollar shipments of U.S. wheat to Russia continued today after the collapse of negotiations between labor leaders and Secretary of Labor W. Willard Wirtz.

Not one bushel of wheat will be loaded in U.S. ports until federal officials guarantee at least half of all grain shipments to Soviet bloc countries will go in American vessels, said President Thomas W. Gleason of the International Longshoremen's Union.

Crucial Stage In Talks On Cyprus Crisis

In Thant Efforts To Get Agreement On Peace Force

UNITED NATIONS, N.Y. (AP)—U.N. Secretary-General U Thant reached a crucial stage today in diplomatic talks on his plan to ease the crisis on the smoldering island of Cyprus.

Thant brought British delegate Sir Patrick Dean and Cypriot Foreign Minister Spros Kyprianou together for the first time at a 90-minute Sunday conference in his office. He expressed belief "the picture will be clearer" today.

One U.N. diplomat said Thant had reached a "difficult stage" in his effort to get agreement on an international peace force for Cyprus butted up before the Security Council resumes debate Tuesday on the crisis.

Thant's efforts were reported snagged by a dispute over whether any Cyprus resolution submitted to the 11-nation council should mention the 1960 treaty of guarantee that accompanied the island's grant of independence from Britain.

The treaty says Britain, Turkey and Greece can intervene independently in Cyprus to preserve constitutional arrangements between the Greek and Turkish Cypriots.

The United States, Britain and Turkey interpret this as an authorization for military intervention and want the treaty mentioned.

Greece and the Cypriot government, which is in the hands of the Greek Cypriot majority, oppose any mention of the treaty. They fear it will be used to justify a Turkish invasion to protect the Turkish Cypriot minority. The Greek Cypriot majority wants to end the minority's constitutional rights of veto over various types of legislation.

Dispatches from Cyprus said the Mediterranean island is turning into a vast armed camp as thousands of young men and some women on both sides receive weapons training.

The Greek Cypriots said they were preparing to repel threatened invasion from Turkey, 40 miles off the island's north coast.

Turkish Cypriots said they were getting ready to repel a Greek attack.

Review Is Refused By Supreme Court For Ronald Lee Wolfe

WASHINGTON (AP)—The Supreme Court refused today to review the case of Ronald Lee Wolfe, who is under death sentence in Missouri on conviction of rape of an eight-year-old girl.

The child was attacked near Troy, Mo., on Oct. 18, 1959, three days after Wolfe had been released from the federal penitentiary at Atlanta, Ga. He was accused of luring her away from a church festival by offering her candy to get into his car.

The Supreme Court three times previously — on June 12 and Nov. 6, 1961 and June 10, 1963 — rejected appeals by Wolfe. After these rejections he lost in a series of habeas corpus actions in state and federal courts.

In his latest appeal to the Supreme Court, Wolfe said he should be given the advantage of a new standard of mental capacity adopted by the Missouri Legislature after his conviction.

Eight ships are tied up by the boycott in Atlantic and Gulf Coast ports.

Wirtz left for Washington after four futile days of talks, saying the union's demand raised urgent problems affecting U.S. foreign policy, balance of payments and trade policy that could only be solved in highest level conferences in Washington.

Wirtz failed in a last-minute plea to union officials to lift the boycott until such conferences could be arranged.

President Johnson's personal appeals to labor leaders also failed to budge the adamant stand of the unions.

The longshoremen and other maritime unions had the full backing of the AFL-CIO in resisting the Johnson administration's request to load the wheat for Russia.

"They are just fighting for bread and butter for their people," said AFL-CIO President George Meany in backing the boycott.

The unions argue that the wheat going to the Soviet Union is partially subsidized by taxpayers' funds and that the government should provide more jobs for American workers by guaranteeing at least 50 percent shipment in U.S. vessels.

A spokesman for Wirtz said efforts to settle the boycott will continue, but that no meetings are presently scheduled for Miami Beach or Washington and prospects appeared dim for a quick settlement.

Swiss Doctor On Trial For 'Slow Death'

LAUSANNE, Switzerland (AP)—A Swiss doctor, Gerard Savoy, went on trial today accused of slowly murdering a rich American widow.

Savoy, a well-known nerve specialist, faces charges of murder, attempted murder, grievous bodily harm, fraud, forgery, extortion, issuing a false death certificate and illegally procuring drugs.

He is accused of systematically drugging and finally killing Mrs. Marjorie Winifred Bird, of Oyster Bay, Long Island, N.Y., who died in a Lausanne hotel in July 1961 at the age of 64.

On trial with Savoy are Nicholas Sturdza, 50-year-old self-styled Romanian prince and Mrs. Bird's confidant; Savoy's secretary, Yvette Luginbuhl, a former model, and Cairo-born businessman Charles Abner.

Sturdza, a Paris decorator, is accused of stealing \$700,000 in jewelry from Mrs. Bird as she lay dying or immediately after her death, and of fraud and forgery involving nearly \$15,000.

Abner, 47, is charged with receiving \$208,000 in stolen jewelry from Sturdza.

Partly paralyzed and in poor health, Savoy spent more than a year in prison awaiting trial.

According to the indictment, Savoy first treated Mrs. Bird in 1958 although he had been suspended from medical practice two years before for allegedly trying to shake down a male nurse to whom he had sent a wealthy patient.

Sen. Thomas Woolsey Files for Reelection To Missouri Senate

Sen. Thomas G. Woolsey, 46, of Versailles filed for the Republican nomination in the sprawling 33rd Senatorial District of central Missouri. He is seeking a second term.

Woolsey, a lawyer, was Republican caucus chairman in the last two legislative sessions and is now vice chairman of the state reorganization or "Little Hoover" Commission.

DOPE RING SHATTERED — Salvador Pardo-Bolland (left), Mexican Ambassador to Bolivia, and Rene Bruchon (right), a French citizen, were arrested in New York on charges of smuggling millions of dollars worth of heroin into the United States and Canada.

File Protest With UN

New Violence Erupts In India

NEW DELHI, India (AP)—Twenty-three Indian policemen are missing after a new outbreak of violence between Pakistan and India in the troubled state of Kashmir.

The Indian Defense Ministry lodged a protest with U.N. observers, charging that troops from the Pakistani sector of Kashmir crossed the cease-fire line dividing the Himalayan state and attacked the Indian patrol Friday. Indian officials were able to account for only one member of the patrol.

The ambush occurred near Keran, about 70 miles west of Srinagar, Kashmir's summer capital, the ministry said. Pakistani troops crossed the cease-fire line along the Krishna Ganga River and fired on the patrol while other Pakistanis opened a barrage from the opposite bank, the ministry said.

A spokesman for Prime Minister Nehru's Congress party said Pakistan may have deliberately staged the ambush to impress Communist Chinese Premier Chou En-lai, currently visiting Pakistan.

Indian officials expressed no surprise over a joint communique by Chou and Pakistan's President Mohammed Ayub Khan Sunday pledging Red China's support of Pakistan in the Kashmir dispute.

A government spokesman said nothing startling could have emerged from a meeting of "the government leaders whose common denominator is dislike of India."

Ayub, who has always pictured himself as a strong friend of the West, held three days of talks with Chou in the old Punjab city of Rawalpindi, 60 miles west of the Kashmir frontier.

Aggression Changed On Indonesia

KUALA LUMPUR, Malaysia (AP)—Prime Minister Tunku Abdul Rahman declared today Indonesia is mounting "acts of physical aggression" against Malaysia and hostilities may break out any time.

Rahman referred to the grave situation along the 800-mile frontier between the Malaysian states of Sarawak and Sabah, and Indonesia on the island of Borneo.

"The acts of physical aggression mounted under the guise of 'confrontation' could explode into a disaster of major proportions," Rahman told the opening session of the Council on World Tensions, a group of private citizens from 18 nations in Asia, Africa, Latin America and the United States.

Rahman spoke as diplomatic efforts to solve the crisis between Malaysia and Indonesia appeared in danger of collapse. Despite a ceasefire, Indonesia still vows to crush Malaysia.

Indonesia has announced it intends to airdrop supplies to its guerrillas in Sarawak and Sabah, and Malaysia has warned it will shoot down Indonesian planes if they try it.

President Diosdado Macapagal of the Philippines, who has been trying to settle the dispute, left Jakarta with President Sukarno of Indonesia on a trip to Bali, where they will open formal talks Tuesday.

Tax Bill To LBJ This Week

Legislation Ahead Of Civil Rights Measure In Senate

WASHINGTON (AP)—Congress plans to send to President Johnson the \$11.5-billion tax cut bill this week before the opening round of the Senate's civil rights battle gets underway.

Senate Democratic leader Mike Mansfield of Montana intercepted the House-passed 11-point rights measure when it arrived at the Senate last Monday to prevent it from being sent to the Judiciary Committee—long a graveyard for civil rights proposals.

As soon as Mansfield moves to bring the bill up for consideration, probably late this week, Southern opponents are expected to start their filibuster.

Before that, Senate Democratic leaders hope to bring up a cotton-wheat bill, which some Republicans blocked from debate Friday.

Quick approval is expected in both houses of the compromise tax bill, agreed on Wednesday by Senate-House conferees.

The timetable calls for House action on the compromise Tuesday, with the Senate poised to consider it the following day. The reductions, largest in history, will be reflected in more take-home pay starting in mid-March for taxpayers subject to withholding from wages and salaries.

Otherwise, the floor programs for the week include House consideration of some relatively minor measures and a bill dealing with the length and frequency of broadcast commercials.

The Senate also has on its docket a House-passed \$16.9 billion defense authorization bill.

Eleven Die In Missouri Road Mishaps

TRIPOLI, Libya (AP)—Libya says it does not intend to renew agreements permitting the United States and Britain to retain military bases on its soil. The U.S. agreement runs through 1971 and the British until 1973.

The Libyan government issued its statement in reply to criticism from President Gamal Abdel Nasser of the United Arab Republic.

Nasser called in a speech for an end to foreign bases like those in Libya. They include Wheelus Air Base, the last big American military installation in Africa, and British army and air force depots at Tripoli, Benghazi and El Adam.

LIBREVILLE, Gabon (AP)—President Leon Mba, unseated briefly last week by a military revolt, dissolved his cabinet Sunday night and again postponed election of a new national assembly until April 12.

Mba said government affairs will be handled by a group of technicians.

The elections, for which Mba's party has entered the only slate of candidates, were originally to have been held Sunday. After French troops put down the revolt, Mba rescheduled the voting for March 1.

SAIGON, Viet Nam (AP)—Two U.S. Army captains were slightly wounded by booby traps Sunday in an operation in plantation country 30 miles north of Saigon.

U.S. authorities said the two men were wounded by mine fragments and a spiked foot trap.

The mine killed a Vietnamese soldier.

Mayor and Council To Meet With City Planners Wednesday

The mayor, City Council and members of the Planning and Zoning Commission meet Wednesday night in the council chambers in City Hall with representatives of the Hare & Hare Planning firm and the state division of Commerce and Industrial Development.

R. H. Kellenberg, of the Hare & Hare firm, in a letter to Mayor L. L. Studer said the purpose of the session is to allow the firm and the state agency to outline procedures required in federally assisted planning programs.

Bob Simonds will represent the state agency at the meeting, according to Kellenberg's letter. Hare & Hare has been employed by the city to update Sedalia's city plan and matching funds are to be received.

WASHINGTON (AP)—In the news from Washington:

GUANTANAMO: Adm. David L. McDonald, chief of naval operations, today called the Navy's base at Guantanamo, Cuba, "a very important base."

In a copyrighted interview in the magazine "U.S. News & World Report," Adm. McDonald said Guantanamo had value as a tactical base "as long as we can keep our antisub forces operating out of there against any submarines in the area."

He said any thought of the base eventually falling into Russian hands was "unacceptable" to the United States.

MILLS-TAXES: The congressional architect of the \$11.5-billion tax cut bill says additional reductions are possible "in the not too distant future" provided federal expenditures are curtailed.

Chairman Wilbur D. Mills of the House Ways and Means Committee said Sunday that the bill — slated for final congressional approval this week — provides "a federal income tax much more in tune with our times."

"Indeed," Mills' statement continued, "preserving the gains for the economy and for federal finances which we can confidently expect from this bill may both permit and require additional tax reductions in the not too distant future."

ZANZIBAR: The United States has resumed diplomatic relations with Zanzibar after recognizing the island republic's new leftist government.

The State Department said two U.S. diplomats flew to Zanzibar Sunday after the United States, Great Britain and six British Commonwealth nations extended recognition to the regime of President Abeid Karume.

Karume seized power Jan. 12, ousting the sultanate that had governed the island since it received its independence from Britain in December.

Human Limb Transplanted From Corpse

BOSTON (AP)—Two doctors at Peter Bent Brigham Hospital reported today that the first transplant of a human limb from a corpse to a live person has been performed in Guyaquil, Ecuador.

The two Boston surgeons reported that the operation was performed last week on a 28-year-old Ecuadorian sailor who had lost his right hand in an accident.

Dr. Roberto Gilbert, chief surgeon at the Clinica Guyaquil, replaced the missing hand and forearm with one from a man who had recently died in another hospital in Ecuador.

Drs. Richard W. Wilson and Robert M. Goldwyn of the Peter Bent Brigham Hospital flew down to the South American country by invitation last Tuesday.

Dr. Gilbert had contacted the transplant unit of the famed Boston hospital for advice on the post-operative treatment of the patient.

Comb Mountain Area For Missing Boy, 9

PRESCOTT, Ariz. (AP)—More than 200 persons were combing the snow-covered mountain area south of Prescott for a 9-year-old boy missing since midmorning Sunday.

Yavapai County sheriff's officers said Dennis Hargus of Mesa, Ariz., walked away from a YMCA camp.

Ruby's Lawyers to File Mandamus Writ In Austin

DALLAS (AP)—Jack Ruby's defense lawyers prepared to fly to the Texas capital today to file a petition for a writ of mandamus before the state Supreme Court.

The mandamus would involve a ruling on whether persons who viewed on television the shooting of Lee Harvey Oswald by Ruby could serve as jurors.

A mandamus is an order by the Supreme Court directing certain actions.

The defense claims those who saw the shooting by Ruby of the man accused of assassinating President Kennedy are witnesses and therefore ineligible under Texas law to be jurors in the case.

Joe Tonahill, a defense attorney, talked by telephone with George Templin, clerk of the Texas Supreme Court, in Austin, the capital. He told Templin that he and other defense attorneys would leave Dallas today by private plane.

Judge Joe B. Brown, hearing the Ruby trial, called a recess in the trial shortly after it opened today. He and attorneys for both sides conferred in Brown's chambers.

Chief defense counsel Melvin Belli came out of the judge's chambers and talked with newsmen. He said, "The question is quite simple: can a witness be a juror?"

He said that technically, if

Third Juror Sworn In Is a Woman

DALLAS (AP)—The third juror, a woman, was sworn in today in Jack Ruby's murder trial after defense legal maneuvers delayed the hearing.

The newest juror is Mrs. Mildred McCollum, mother of six and a secretary for a building contractor.

The Texas Supreme Court upholds the defense argument, he could subpoena as witnesses anyone who saw the television scenes of the shooting.

He said that the legal maneuver is connected with his petition for transferring the trial away from Dallas. "I'm sure we could find people who hadn't seen this on television if we could try the case in some other city," Belli said. He added:

"This is wearing Ruby down and wearing all of us down." Belli said that if the writ of mandamus is granted, "We might even take, as jurors, some people who had seen the scene on television. It would depend on the type of juror."

Belli said that it is possible that the Texas Supreme Court might rule today. Otherwise, he said, he understood that the state Supreme Court has its oral hearings on such petitions on Wednesdays.

Belli declined to show newsmen the four legal documents involved in the petition for a writ. He said he could not do this until Judge Brown makes a ruling.

African Strife Seen As Nation In Its Growth

LAGOS, Nigeria (AP)—Prime Minister Sir Abubakar Tafawa Balewa told the opening foreign ministers meeting today of the Organization of African Unity that the problems of Africa are "symptoms usually associated with growth and greatness."

"Our dreams are gradually but steadily being transformed into reality," the Nigerian leader declared.

While no agenda has been worked out, informed sources said the ministers will take up aid to rebel groups in Portuguese Africa, recent military mutinies in East Africa, and Ghana's demand for a continent government and a military high command.

Foreign ministers of 33 member nations attended. Gabon was not represented because of last week's revolt against President Leon Mba. French troops put down the uprising in the former French colony.

The meeting is a prelude to the conference of African heads of state, expected to be held in June.

Florida Trip Set Thursday For Johnson

California Trip Nets Sunburn, New Zest for President

WASHINGTON (AP)—President Johnson has returned from California with a sunburn and new zest for kissing babies and meeting voters. He'll have a chance to renew the burn and do some more people-greeting in Florida Thursday.

Johnson returned to Washington by jet transport late Sunday night after spending three days in Los Angeles and Palm Springs. His Florida foray will take him to Jacksonville, Palatka and Miami for a heavy-duty schedule of public appearances.

In California, the President demonstrated an extraordinary penchant for mixing with crowds, even when his Secret Service bodyguards were uneasy about the idea. During one stop in Los Angeles, he waded into a milling throng that was so eager to get at him that one woman broke her leg in the crush.

Although Johnson has always shared the politician's hand-shaking proclivities, never before did he go at it with such enthusiasm.

At Los Angeles International Airport, after saying farewell to Mexican President Adolfo Lopez Mateos, Johnson was so anxious to personally greet onlookers that he was undeterred by the fact that they were kept behind a wire fence seven feet high.

Climbing over a rope barrier, Johnson made a beeline for the fenced-in spectators and began touching fingers through the wire mesh. When some members of the crowd stretched their hands over the top of the fence, the President reached to grab them — even though strands of barbed wire atop the fence presented a hazard.

Sea Tragedy Story Told By Survivors

PORTLAND, Maine (AP)—Eleven British seafarers landed safely today and told a dramatic story of a harrowing two-day ordeal aboard their sinking ship and of their rescue by Coast Guards some of whom plunged into the roaring seas to help.

The 11 Mariners were landed by the U.S. Coast Guard weather ship, Coos Bay, which also brought ashore the body of Capt. Harry Strickland, 52, Portsmouth, England, commander of the motor vessel Ambassador, which sank last week 1,000 miles east of New York.

Strickland apparently died while he was being hauled on a lifeline some 600 feet from his ship through raging seas to the side of the Coast Guard ship.

Three other British seamen tied to the same line with the captain made it safely.

Dr. Charles T. Dolan, 26, Kansas City, a U.S. Public Health Service physician, assigned to the Coos Bay, said he pronounced Strickland dead after all methods of resuscitation failed.

Demonstrating with a length of light rope, Dr. Dolan said the captain was in a loop which was a slip knot. He said he assumes Strickland died of asphyxia when the loop tightened around his chest and prevented him from breathing during the long haul from ship to ship.

Surviving are four daughters,

Stuck Duck Broken Out of Icy Tomb

NEW YORK (AP)—The duck was stuck.

Park department employees tried to free it from the ice of Central Park Lake Sunday.

They threw a ladder onto the ice, hoping to break it and dislodge the quacker. The ice stayed firm. So did the duck.

Then someone shoveled a boat out of ice and snow and rowed out, breaking the ice around the duck with an oar.

Unstuck came the duck.

Mrs. Leroy Chaney, Mrs. Fred Stevens, Mrs. Freeman Harbit and C. H. Paxton, all of Windsor, a sister, Mrs. Beth Walk, Sedalia; 11 grandchildren and 17 great grandchildren.

Mr. Klingler was a member of the Windsor First Baptist Church.

Funeral services were at 2 p.m. Monday at the Gouge Funeral Home in Windsor with the Rev. Fred Raines, pastor of the First Baptist Church, officiating.

Burial was in Laurel Oak Cemetery, Windsor.

In Other Hospitals

Mrs. Amanda Edwards, 119 East Pacific, who was injured in a car accident Saturday night, has been transferred to the University of Missouri Medical Center, Columbia, where she was referred by Dr. A. R. Maddox to a chest specialist.

Mrs. Edwards has a multiple fracture of the ribs, fracture of the left collar bone and a large amount of blood in her chest. She is in a critical condition.

Fires In City

A defective furnace was the cause for a run by the fire companies at 11:54 p.m. Saturday to 2236 West Second Street Terrace. Firemen shut off gas to a furnace and no fire or damage resulted.

A grass fire at 2212 West First Street Terrace caused a run by the fire companies at 3:06 p.m. Sunday. No damage resulted.

Firemen extinguished a grass fire at 11:18 a.m. Monday at Stout's Junkyard, State Fair and the Missouri-Pacific tracks. No damage was recorded.

Police Reports

Everett Koehner, 607 West Third, reported the loss of a Sacred Heart High School class ring Sunday in the vicinity of the overpass on West Main. The ring was for the class of 1964.

Police Court

Nancy M. Shelley, 2916 West Broadway, charged with permitting a dog to run at large, pleaded guilty and was fined \$10.

Frances Stuerke, of Sweet Springs, charged with careless and imprudent driving and leaving the scene of an accident, forfeited a \$50 bond.

B. J. Connor, no address given, charged with disturbing the peace on complaint of Donald Lees, pleaded innocent and after a hearing the case was dismissed for lack of evidence.

Donald Eugene Lees, 503 East Chestnut or Kansas City, charged with careless and imprudent driving on a complaint signed by B. J. Connor, pleaded innocent, but after a hearing was found guilty and fined \$25.

Norman L. Myhre, Boeing Bachelor Quarters, charged with careless and imprudent driving, forfeited a \$25 bond.

Eugene Wesley Linesay, 1416 South Ohio, charged with careless and imprudent driving, pleaded innocent, but after a hearing was found guilty and fined \$25.

Herbert Seymour Fry, 311 North Quincy, charged with running a stop sign, forfeited a \$5 bond.

George A. Emge, 200 South Washington, charged with speeding 70 in a 35 mile speed zone and failure to purchase a city auto sticker, forfeited a \$45 bond.

Kenneth L. Glenn, Route 5, charged with careless and imprudent driving in connection with an accident, pleaded innocent, but after a hearing was found guilty and fined \$25.

John J. Green, of Whiteman AFB, charged with speeding 55 in a 40 mile zone, forfeited a \$15 bond.

Accidents

One woman, an expectant mother, was admitted to Bothwell Hospital about 10:45 p.m. Sunday following an accident at Broadway and Grand.

Admitted to the hospital was Mrs. Sharon Kay Eye, 19, 1722 South Grand, driver of one of the automobiles. She was examined and treated at the hospital by Dr. K. L. Holdren. She was taken to the hospital in a car driven by her husband Ralph C. Eye, 22.

Police reported Mrs. Eye was driving a 1954 Buick sedan headed west on Broadway and she stopped for a stop sign. The car was struck in the rear by a 1964 sedan driven by Gervis A. Oswalt, 38, 2401 West Second Street Terrace.

No damage resulted to the Pontiac car and slight damage resulted to the bumper guards on the Buick.

A three-car collision occurred on Highway 65 approximately a mile north of the Spring Fork Junction at 5:10 p.m. Sunday resulting in damages to the vehicles involved while apparently the occupants escaped injury. Involved were a 1955 Chevrolet

let sedan, driven north by Oscar A. Reusch, 37, Route 1, Mora; a 1955 Chevrolet coach, being driven north by Mrs. Sylvia L. Sizer, 38, Route 2, Stover; and a 1957 Chrysler sedan, driven north by Norman Prime, 59, 911 East Fourth, Sedalia.

The accident occurred as Prime was passing the car driven by Mrs. Sizer when she apparently started to pull out to try and pass the car driven by Reusch. The left front fender of the Sizer car struck the right rear fender of the Prime car, causing it to go on to the west shoulder, then the Sizer car swerved to the right and her right front fender struck the left front fender of the Reusch car causing the Reusch car to go off the highway into the ditch on the east side of the road.

The Sizer car spun around clockwise and came to a stop across the north lane of the highway.

Parks wrecker pulled the Reusch car out of the ditch and all three cars were able to be driven off under their own power.

Trooper Richard Joos, of the State Highway Patrol, investigated the accident.

Two persons received injuries in a collision of two motor vehicles at Broadway and Grand avenue about 1:37 a.m. Sunday. The injuries were not serious, however.

Mrs. Bonnie Buso, 18, of 1201 South Lamine, an expectant mother, who was riding in the rear seat of the car was shaken up and suffered an injury to a hip. She was taken to Bothwell Hospital in a Ewing ambulance and examined by Dr. Carl Siegel who had x-rays taken. She was admitted to the hospital for further observation.

Jim Caton, 26, 819 East Tenth, who was riding in the Buso car, went to the hospital in a private car. He was treated by Dr. K. L. Holdren, and later released.

Also in the Buso car were Buso's wife Doris, 26; Paul Buso, 23, husband of the injured woman; and Mr. and Mrs. Larry Gorrell, both 23, 600 East Tenth. All escaped injury.

With Morris were Emory Morris, 20, brother of the driver, and Kenneth Holman, 20, 839 East 14th.

Involved was a 1964 Pontiac sedan driven by Richard Paul Morris, 24, Kansas City, formerly of Sedalia, and a 1958 Ford sedan, driven by Ernie V. Buso, 28, 408 East Harvey. Extensive damage resulted to both vehicles.

Buso, according to the police report, was headed north on Grand, while Morris was going west on Broadway. Buso claimed he had stopped at the stop sign on the south side of Broadway and Morris claimed he was driving between 30 and 35 miles an hour.

Police, in checking skid marks, measured the braking of the Pontiac for 177 feet to the point of impact which was in the west lane on Broadway. The auto then skidded approximately 75 feet further west on Broadway before stopping.

The Buso car after it was struck spun around and skidded approximately 25 feet. The right front of the Pontiac struck the right rear of the Ford.

The Walter Shoemaker wrecker towed the Pontiac away while Buso was able to drive his car from the scene.

Drivers of both vehicles were issued police summonses for careless and imprudent driving and are to appear in Police Court Feb. 26.

Circuit Court

There has been a delay in the appearance here in Circuit Court of Vance Odell Moore to face charges of second degree burglary and escaping jail.

Moore was scheduled for appearance here Monday, but a discussion over who should provide for his return brought the delay. Moore has been in custody at the St. Louis city jail and Sheriff Emmett Fairfax was to make the trip to St. Louis for his return. Fairfax said, however, that after reviewing the return order he was uncertain as to whether state auditors would approve reimbursement for mileage to St. Louis returning the prisoner.

Two writs of habeas corpus have been issued in Circuit Court in recent days to allow Moore's return here to testify. The first writ was directed to William Boeger, warden of the St. Louis city jail, and the latter was directed to Martin Tozer, sheriff in St. Louis.

A damage petition seeking a \$9,800 judgment was filed Monday in Circuit Court in behalf of William Ernest Wainwright who contends he suffered a severe case of lead poisoning while preparing the interior of a Minuteman missile silo for painting.

Named as defendants in the action are the MHP firm, prime construction contractor for the Minuteman complex. Wainwright claims he was subjected to the lead polluted air while working with an elec-

90th Birthday Celebrated By W. F. Keyser

W. F. Keyser, 1004 West Fourth, observed his 90th birthday Sunday, and was honored with a five course dinner at the home of his nephew, Col. and Mrs. Frank Fristoe, in Columbia.

Mr. Keyser, Miss Rebekah Shaeffer and Miss Margaret Wolf drove over to Columbia Sunday morning and just as they drove in the driveway of the Fristoe home, Col. Fristoe drove in behind them. He had gotten up very early, drove to St. Louis to get Mr. Keyser's cousins, Mr. and Mrs. W. W. Keyser, and bring them to his home for the dinner. This was a real surprise.

Others at the dinner were Mr. Keyser's sister, Mrs. Margaret Fristoe, Columbia, and Frank Fristoe, II, son of Col. and Mrs. Fristoe.

A feature off the dinner was a large birthday cake. The afternoon was spent in conversation and in seeing colored pictures.

Ladies Take To Cigars And Pipes

NEW YORK (AP)—Since the government's cigarette report, more and more men are being confronted with the social necessity of lighting their ladies' little cigars or pipes.

Some women are convinced the men just love it.

"Nothing gives a man more of a sense of security than to see his wife light up a cigar or pipe after dinner," said a furrowed woman browsing among the ladies' briars at the tobaccoist's.

"At least that's what my husband says."

How widespread is this encroachment upon male smoking habits? And what have been the results of the smoking report?

Tobacco stores: Many more women buying small cigars, just when they're in short supply because of the innumerable male converts.

Department stores: Brisk sales of small pipes and mild tobaccos; more than brisk on the small, holder-tipped cigars.

Celebrities: Actresses known to be long-time cigar smokers—Joan Fontaine, Hermione Gingold, Lauren Bacall—getting a fresh burst of publicity.

Boutiques: The Fifth Avenue store of Alfred Dunhill of London, which used to see maybe a dozen ladies' pipes a month, since the government report already has dispensed more than 650, a little more than a month ago. Now it plans a smoking boutique just for women.

Whittier PTA Founders Day Program Held

The Whittier PTA held its annual Founders' Day program on Feb. 20, with Mrs. Oliver Thomas, Founders' Day chairman, giving a brief history of the PTA. Mrs. Thomas then presented two clever skits, the first entitled "The Stitch and Chatter Club" with the following women taking part: Mrs. Vencil Bishop, Mrs. Frank Fowler, Mrs. George Whitman, Mrs. Boyd Kirkhoff, Mrs. Charles Elms, Mrs. Douglas Crank, Mrs. Charles Frisbee and Mrs. Robert Moon.

The second skit was "What PTA Means to Father." Those participating were: Cecil Bohon, Oliver Thomas, Grant Cox, Virgil Reed, Francis Ream, Raymond Simon and Howard Wells. A birthday offering was taken to further PTA by four first graders: Robin Thomas, Stacy Whitman, Douglas Frisbee and Donnie Moon.

The following past presidents were introduced: Mrs. A. J. Gregory, Mrs. Lloyd Kirkpatrick, Mrs. Cecil Glenn, Mrs. Guy Robinson, Mrs. William Morgan, Mrs. George Riley, Mrs. Myron Lindquist, Mrs. Jack Herndon and Mrs. Grant Cox. Each was presented with a yellow fruit corsage onto which dolls were attached representing their own children, a small decorated birthday cake with 67 in the center, number of years ago PTA was started, and a bronze key chain bearing the PTA emblem.

An original song "Since We Knew You Were Coming We Have Baked You A Cake" was sung, led by Mrs. Ed Worley.

Tribute was paid to each teacher and they, also, were presented with a bronze key chain.

Others receiving prizes were: Ray Simon for a February birthday; Mrs. Emma Kirkhoff, youngest mother; Mrs. Lloyd Kirkpatrick, longest number of years in PTA and Boyd Kirkhoff, father with the most children.

The meeting was presided over by Mrs. Paul Albin, president, and the pledge of allegiance led by several Scouts.

Mrs. Betty Murrell gave information concerning the tuberculin tests to be given in the schools March 9.

Dennis Oneiler of the Jaycees was introduced and spoke about the oral polio clinics to be held in Sedalia, March 1, and answered any questions asked.

The devotionals was given by Mrs. Charles Frisbee.

A nominating committee composed of Mrs. Frank Fowler, Mrs. Virgil Reed and Mrs. Richard Cole, was elected.

The council report was given by Mrs. Vencil Bishop.

Announcements were made as follows: Parent and Family Life dessert luncheon Feb. 27, at the home of Mrs. George Whitman, 422 East 14, with the lesson to be "Restoration of Report Cards," to be given by Mrs. Frank Fowler. Council meeting March 4, at 1 p.m. at the First Baptist Church. PTA meeting March 19, at 2 p.m.

Room count was taken by the principal, John Hays. The room of Mrs. Mary Marr won the award downstairs and Miss Leatha Shaw's room upstairs.

Refreshments of cake and coffee were served by Mrs. Francis Ream and Mrs. Sam Anderson from a lace covered table centered with a beautiful arrangement of blue and yellow flowers and lighted tapers.

Hail to, What's-its-name

For a time it appeared that Denmark might not make it to the New York World's Fair, reports the Scandinavian Times. The pavilion would be there, of course, but it would be unidentified because the people in charge couldn't make up their minds what to call their country.

To be or not to be? That was the question making the Danes melancholy. That is, should the name on the facade be in English (Denmark) or in Danish (Danmark)?

One newspaper waxed indignant: "Our display should provide a clear and good impression of Denmark—not of Denmark, Daenemark, Danimarca or whatever foreigners happen to call our country."

So . . . it was decided to use the name "Denmark," for the sensible reason that most visitors to the fair would consider "Danmark" a silly misspelling.

Meanwhile, back in the Orient, the Japanese are in a similar . . . ah, sukiyaki. Scheduled to host the 1964 Olympics this summer, they don't know what name to put on their athletes' sweaters.

According to the magazine Inside Japan, while the nation is known to foreigners as Japan, or variations of that word, the inhabitants don't call it that, nor do they refer to themselves as Japanese, except as a concession to international understanding.

The name "Japan" derived from "Zip-pang," which is what Marco Polo called the country. To the Japanese, however, it's either Nippon or Nihon—meaning "Sunrise

Country" or "Place of the Sun's Origin"—and the people are either Nipponjin or Nihonjin.

But which of the two should it be? The problem became so serious that the government appointed a board of 361 well known persons to decide between Nippon and Nihon.

Unfortunately, less than a majority of the members voted for Nippon, one-quarter backed Nihon and the rest, who could have swung it either way, voted "No preference."

Furthermore, as consultative bodies sometimes do, the board threw in a few gratuitous recommendations: get rid of the "meatball" national flag; modernize the calendar; cut down on the formalities surrounding state ceremonies; name a stand-in for the emperor at official functions.

As matters stand now, "Nippon" has the edge. But opponents point out that it is too easily shortened to the derogatory "Nip" and that Nippon was the name favored by the World War II militarists.

The Ja—that is, those fellows in that there country—will have to decide on something pretty soon. Possibly they could compromise and just wear a map on their shirts.

On second thought, that might not be so good. It could cause a rash of anti-American student demonstrations if the island of Okinawa was not included.

The real name of Okinawa, of course . . .

Washington Merry-Go-Round

Cassius Clay and Sonny Liston

By DREW PEARSON

WASHINGTON — Regardless of the strength, speed, and stamina of the two giant Negroes who battle it out Tuesday for the heavyweight championship of the world, Charles "Sonny" Liston and Cassius Clay present an interesting contrast.

The first is the son of an Arkansas cotton picker who sired 25 children. He cannot read or write and, after the family moved to St. Louis, went the way of so many products of the city streets — to a reformatory and jail. The second is the son of a respected Louisville Negro family, reasonably well educated by a strict, God-fearing mother, and named for his thrice-great grandfather, a slave, who in turn was named for Lincoln's minister to Russia, Cassius Marcellus Clay.

Liston is a man of few words, looks morose as if nursing a grudge against the world. Clay bubbles with verbiage.

"I'm gonna drive down Walnut street in a caddy on Derby Day," Clay said last year. "Pretty girls'll be there. I'm cool, man. I'm wanting to know them worse than they want to know me — only they don't know it. But next Derby Day I'll be the heavyweight boxing champion of the world!"

Said taciturn Sonny Liston during a drive around Washington last year:

"I wouldn't want to live in the White House — too far to carry your garbage to the street." . . . Again, passing the Senate: "That's the Seagram Building. Everyone who goes in there takes the Fifth."

Muslims vs Big Brothers

Cassius Clay has had the paternal backing of eleven Louisville men, ranging from Worth Bingham of the Louisville Courier-Journal, to William Faversham, Jr., son of the famed actor, to W. L. Lyons, distiller of Jack Daniel and Old Forrester bourbon.

Sonny Liston originally had the backing of underworld leaders. As a result, he was investigated by the late Sen. Estes Kefauver and warned to clean himself up. Three years ago, Ray Cole, investigator for the Kefauver committee, told Liston: "You see that brief case over there? It's all Sonny Liston and it's all bad." But last month, the same Ray Cole told me he had probed Liston's current connections and found them clean.

And on April 11 last year, after I had taken Sonny to call on Senator Kefauver, the late Senator wrote me: "I was glad to see Sonny Liston. I think he has improved a great deal. I saw the other day that he'd gone out to the penitentiary where he had served in the early 50's and sat down with some of the inmates and had a talk with them. I thought that was very good."

Coming from different backgrounds, with different educations and different backers, it is understandable that Clay and Liston should have different interests. But is unusual that one should take up the cult of the Black Muslims, the other the Big Brothers and the problems of juvenile delinquency.

"I was born a Muslim, I'm told," Clay recently informed Dave Brady of The Washington Post. "My race is descended from the people of Egypt. . . Africa. . . whose religion has always made them Muslims. The Masons. . . The Shriners imitate the dress of the Muslims. The Muslims don't believe in drinking, smoking, taking dope, committing crimes. They teach you to be clean."

"Chubby Checkers and Sammy Davis married white women," Clay continued. "The Muslims don't believe in intermarriage of the races. The white people don't like it either. There's some terrible things going on in this country. A lot of them are happening to the Negro. . . You don't know what the Negro in America is thinking about, and that's why a lot of you are scared. Liston mixes, and I get criticised for associating with my own kind. And that's all right with me."

Asked whether President Lincoln and President Kennedy were wrong in trying to bring the two races together, Clay replied: "They were both shot, weren't they?"

Sonny and LBJ

Clay's secretary is named "X." Clay has attended Black Muslim meetings in New York, is reported planning to give part of his proceeds from the fight Tuesday to the Muslims.

Liston is giving half of his TV take from the Washington area to Big Brothers.

Last year, attending the Big Brothers dinner, Sonny sat near the man who a few months later was to become President of the United States, listened as Lyndon Johnson told of his early life.

"I'll never forget shining shoes, herding goats, hitting the road," said the then president in his advice to youngsters. "Yet I rate the second highest office of public trust in the greatest country in the world."

He advised boys to study in school, set their goals high, follow the Golden Rule. Earlier, Liston had visited the Senate, received from the vice president a gold wrist-watch inscribed, "To Sonny Liston from LBJ," which remains today the most cherished of his possessions.

Interviewed before 800 diners, Liston told in a halting manner of the problems of playgrounds, truancy, and delinquency.

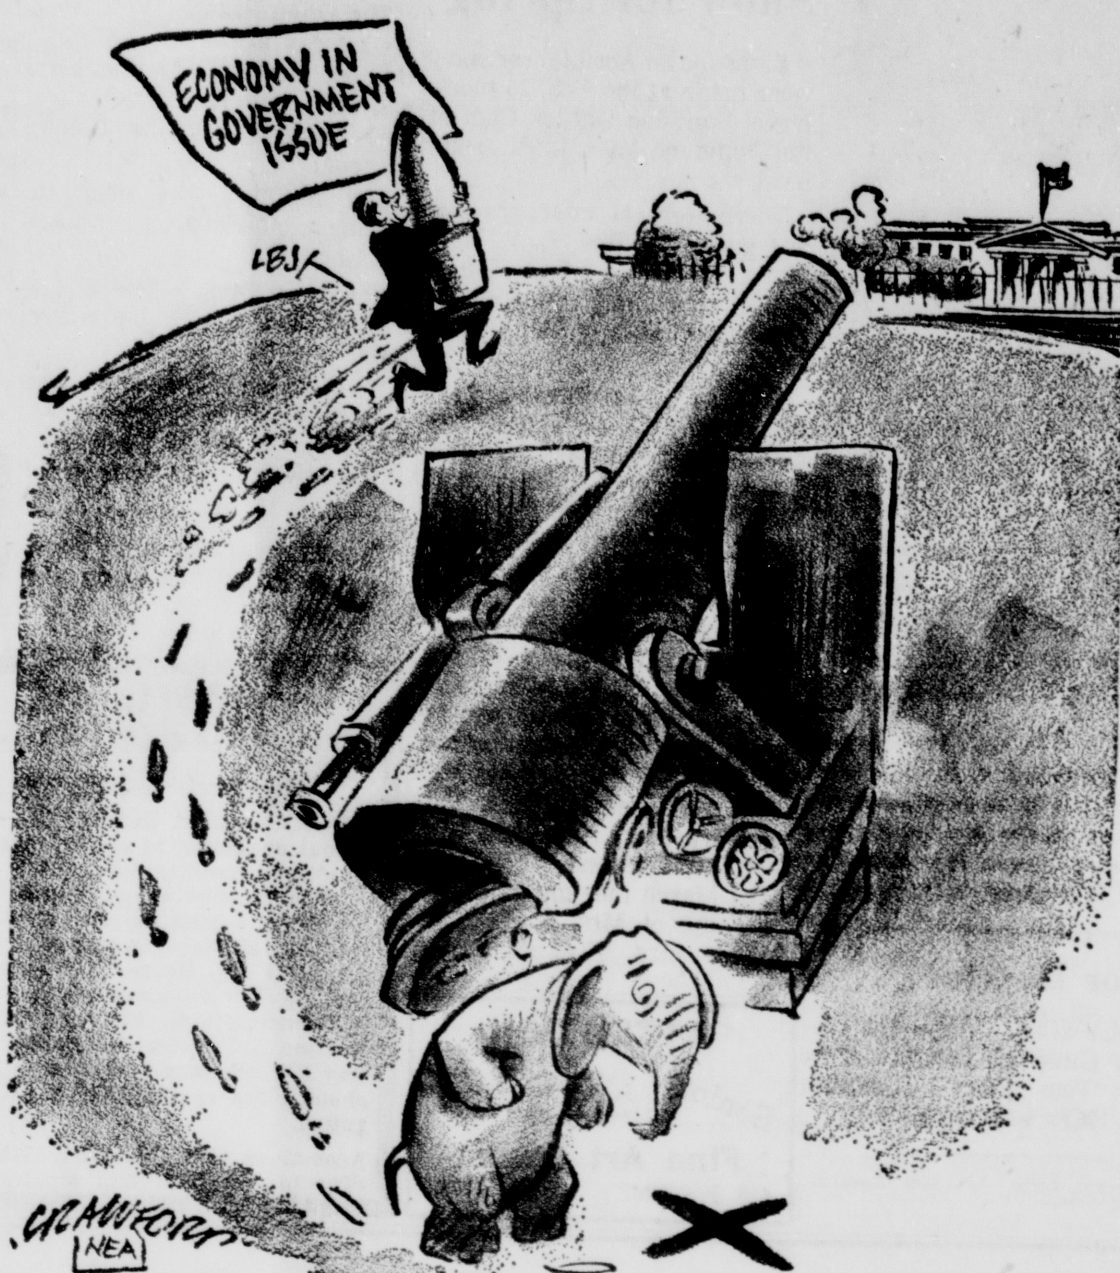

"The bad kids are told to stay off the playgrounds," he said, "and they're the ones who need them most."

"I first got into trouble by findin' things before they was lost," he confessed. Liston was late for the dinner. He had gone out to visit Washington's neglected Junior Village, and stayed there three hours instead of one.

"All this marble and gold trimmin' at the Supreme Court, the Capitol, and those other places," he said, "and no money for these kids at Junior Village. It don't make sense."

Those are the varying views on race, religion, and social status of the two men who will be fighting for the world's heavyweight championship Tuesday.

Rocking Along In Viet Nam Crisis

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—It's becoming more of a puzzle than a war.

Nobody in this government, past or present, has given the

American people a cold, factual report on what's happening or what's in store in South Viet Nam. Various official statements create confusion.

South Viet Nam, after eight years of help from the United States in its war with the Red

guerrillas of North Viet Nam, apparently is losing ground.

This country has over 15,000 troops there, supposedly as advisers although some have been killed in the front lines, and has pumped in over \$5 billion in aid.

Here are some points that puzzle Americans and probably Vietnamese, too:

Why haven't the latter done more to win? Can they ever do better? Is this country just going to go on rocking along with them? Will it finally give up and pull out? Or will it try to step up the war?

South Viet Nam has had three governments since October but the situation is worse now than before.

President Ngo Dinh Diem, who was in charge eight years but not successfully, was killed when a military junta took over in a coup. The junta was thrown out in a new coup by Maj. Gen. Nguyen Khanh.

Last Jan. 27 Secretary of Defense Robert S. McNamara told Congress the situation was "grave." The next day he said "I am encouraged by the progress of the past two weeks."

Last week Congress released more of what he said: That even if the war does not go well we should still "withdraw most American troops by 1965. He said the Vietnamese had the primary responsibility for winning the war."

Over the weekend one report from Washington said there was division between the Defense Department and the State Department on what to do. It said some State Department officials felt McNamara's statement on pulling out was bad public relations because it might encourage the Communists.

Also last week Sen. Mike Mansfield of Montana, the Democrats' Senate leader, applauded McNamara's pull-out idea and urged consideration of French President Charles de Gaulle's proposal to neutralize Viet Nam.

Neutralization has hazards, too. It could be interpreted simply as an American face-saving device for pulling out of a tough situation. Neutralization, once the Americans were gone, might open the door for a Communist take-over of all Viet Nam.

Then last Friday President Johnson said this country will continue to honor its commitment to South Viet Nam to help it fight communism.

Previously he had seemed to dismiss De Gaulle's neutralization idea but at another time he said he would look with sympathy on neutralization of all Viet Nam, North and South.

But Johnson added something else which was truly a puzzle. Pointing to those "outside enemies" who direct "terror and violence" against South Viet Nam, he said they "could do well to remember that this type of aggression is a deeply dangerous game."

But this is exactly the kind of aggression the North Vietnamese Reds have been using for years, except that recently they began assassinating Americans, too.

Was Johnson hinting at stepping up the war against North Viet Nam in some way, say through South Vietnamese guerrilla attacks on it? Or what? If the United States took part in a direct attack it might mean war with Red China.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

European Tour Set For April

"Le gouverneur vous invite, vous et votre famille a visiter un nouveau monde. . . visitez le Missouri en plein coeur de l'Amerique."

Roughly speaking, the above says in French, that the Governor invites you and your family to visit the state of Missouri in the heart of America.

This is one of the messages Governor Dalton and a host of other state officials as well as nearly two dozen Missouri businessmen will take to the French British, Italians and other European countries this spring.

The tour probably represents the last major undertaking of its kind that will occur under the rapidly ending administration of Governor Dalton. It is set to start April 27 and ends May 17.

Officially it has been designated as a Trade Mission by the federal Department of Commerce and as such the delegation will be briefed in Washington prior to boarding planes for London, the first stop.

The delegation will visit Belgium, Luxembourg, West Germany, Italy, France, Switzerland and England. At Cheppy, France, the governor will rededicate Missouri's World War I monument which had fallen into a state of disrepair.

The tour is being sponsored jointly by the governor's office and the Missouri State Chamber of Commerce. Officials involved already have held preliminary planning sessions with consuls from the various countries involved.

According to one spokesman, there are three primary objectives mentioned as the basis for the journey. These are to stimulate international trade, particularly getting more Missouri products abroad; to promote tourism for not only the United States as a whole but for Missouri specifically; and to interest further investment of available European capital in Missouri.

Last year, Missouri exported goods valued at several hundred million dollars with about half of this in form of agricultural products. Dalton is hopeful more Missouri goods can be marketed in Europe, thus boosting further the state's economy.

Not Yearning for Learning

By Susan Light
Newspaper Enterprise Assn.

DEAR MRS. LIGHT — It is like pulling hen's teeth to get my two children to do their homework. They usually claim they have done all their work in study hall, or that they don't have any assignments. Yet I know children their age spend at least two hours a night studying.

Both of my youngsters are in junior high. Their grades are about average but not high enough for college entrance. How can I get them to buckle down before it's too late? —

EXASPERATED MOM

ANSWER: Chances are, you can't. But don't jump off the bridge yet; they may both change when they reach high school. If they are making average grades without studying, they are bright enough to know which way the wind blows. . . . Keep after them to do their homework but never to the point of having them rebel.

Democrat Pick-ups

IT IS PRETTY HARD for housewives to plan new and different menus for the family all the time and they welcome suggestions of foods their families would like to have.

One woman had an idea she thought sure would work. As she wheeled the basket around in the supermarket she suggested to her husband and son that they put things they saw they would like to have in the basket. This way, she thought, they would probably pick up a few different things that she hadn't thought of and was just passing by.

When she got to the checkout counter, they had each added one thing — one put in some soap and the other a book. —H. L.

Recommend Changes In Some Crops

Each year the staff of the Field Crops Department of the University of Missouri College of Agriculture meets and goes over the experimental evidence accumulated by the plant breeders of the various crops. Then, based on performance records as to yield, quality, disease resistance, standing ability, dependability, and other factors, decisions are made as to what changes should be made in the recommended list that is issued annually as a guide to Missouri farmers.

Here is a brief run down on changes made in the list for 1964. The college makes no attempt to make recommendations on closed-pedigreed (sometimes called secret pedigree) hybrids of corn or grain sorghum, although considerable information on a number of these is available in yield test bulletins.

Among open - pedigree hybrids, AES 704 has been added as a good early maturing yellow corn for Northern Missouri. Some seed of AES 704 should be available from Iowa certified growers.

Mo 1023 is a good double-cross yellow hybrid that was added to the list. A limited amount of certified seed of this variety is available from certified growers this year. Mo. 476W and Mo. 542W are improved white hybrids of which no seed is available as yet, but they were added to the list to encourage seed production.

A new hybrid grain sorghum, Kansas 701, has consistently shown several bushels more yield and little better standing ability than the popular RS 610, and is otherwise much like RS 610.

Several soybean varieties that were first listed last year had only a little seed available in 1963. So these will be new to the general public this coming year. Harosoy 63 and Clark 63 are soybean varieties in this category. These varieties are almost identical with the older Harosoy and Clark varieties, but have had resistance to Phytophthora root rot added, so can really help on fields where this disease causes trouble. In addition, Clark 63 has resistance to two leaf diseases.

Knox 62 is a wheat variety in the same position. It is essentially Knox wheat with Hessian fly resistance added but may not have quite as much loose smut as the original Knox.

Summit lespedeza is another one of these, and the seed of Summit is still scarce and probably all of what is available should be grown for seed increase in 1964.

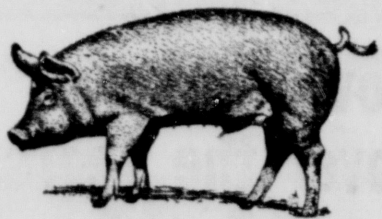

Several varieties have been dropped. Alfalfa variety recomback to include only Vernal, mendedations have been cut back to include only Vernal, Buffalo, Ranger, Cody and Culver. All of these have proven to be long-lived varieties, and most Missouri farmers want an alfalfa stand to stay as long as possible. There are other short-lived varieties that will yield as well as these, and it's likely that some of the new brand-name alfalfas developed by private companies will also prove as long-lived but to date we do not have enough years of tests to know how they will last.

To Delay Honeymoon

BEVERLY HILLS, Calif. (AP)—Friends of singer Peggy Lee and bandleader Jack Del Rio say the couple, wed Saturday, will not honeymoon until mid-April.

Miss Lee, 43, got a marriage license Friday when a clerk came to her Beverly Hills home, where she is recuperating from a respiratory ailment.

What Is This Hog Worth?

1. You never know until both the packer and order buyers have had a chance to bid. There isn't a single buyer on any market that will pay the top price for all weights and grades.
2. This hog will bring more if you let your commission man sell him on its merit.
3. This hog will net more for his owner if he is allowed to eat and drink before he is weighed.
4. In Kansas City your hogs receive personal attention and sell on a competitive market creating bargaining power for all livestock.

L. Wagenknecht To Preside At Swine Meeting

Lynn Wagenknecht, chairman of the Pettis County Swine Improvement Association, will be in charge of a swine producers meeting scheduled for Thursday, Feb. 27, at the Holiday Inn here. Registration begins at 10 a.m.

Topics to be discussed include: "Selling on Rail Grades" by Lester Dittmer; "Floatation Feeding Floor" by Paul Neitzert; "Cost of Producing Pork" by Charles Reine; "Insulated and Ventilated Farrowing Houses and Soaking Grains Fed to Hogs" by Jim and Allen Sawford; "Individual Farrowing Houses with Slatted Floors" by Don Shirley; and "My Experiences with Hogs" by Jimmy Reed.

Dr. Clem Darrow, federal veterinarian, will outline the federal hog cholera eradication program in Missouri. A ham dinner is to be served at 12 noon.

Officers will be elected at 1 p.m., followed by two more discussions.

On the afternoon program are John Massey, extension livestock marketing specialist, who will discuss "Producing a Meat-Type Hog"; and Robert George, extension agricultural engineer, whose topic is to be "Feed Handling."

Artificial Breeding Best in Small Herds

Some cattlemen with small beef herds wonder if it is practical to use artificial insemination for their small herds. They also wonder what problems they might run into when using artificial insemination.

University of Missouri Animal Husbandman John Lasley says if the beef herd is less than 10 cows in number, or even slightly larger, and if the cows can be observed daily for heat, artificial insemination would be practical. Inseminating costs would be less than the purchasing and maintaining of a bull. In addition, semen could be used from a much superior bull through artificial insemination. One farmer could not afford to purchase a superior quality bull for just a few cows.

The main problem in using artificial insemination in any beef cattle herd is to observe each cow every day during the breeding season to find those cows which are in heat. If insemination does not coincide exactly with the heat period, pregnancy does not result.

If a cow is not discovered and inseminated when she is in heat, this means a delay of at least 18 to 22 days before she will come into heat again and can be inseminated. This delay could mean a 30 to 50 pound lighter calf when they are sold as feeders in the fall.

Paris Houses Release Pix Of Fashions

EDITORS: This dispatch accompanies pictures of Paris fashions transmitted by Wirephoto last week for release Monday, Feb. 24.

By LUCIE NOEL
PARIS (AP)—Oo-la-la, those Paris fashion necklines!

That was the comment buzzing through haute couture circles today as famous fashion houses released photographs of the spring and summer modes they displayed for buyers and fashion writers in showings that ended three weeks ago.

The hemlines remained about the same—generally covering the knees. But the necklines... well—

Necklines varied from a sexy, low-cut daring depth to scooped-out fronts.

Suit necklines and blouses are built up, with suits featuring white linen collars and cuffs and blouses with large pussy cat or butterfly bows to short narrow ascots, worn off center.

If hemlines are at a status quo, interest is lent by pleating, multiple, sunray, fan, accordion, or shutter. Kerchief points appear on dressy sheer fabrics, scarves and flying pleated panels on daytime shirts and dresses.

Focus is on the waistline, which tends to drop to the hips either by a low-placed belt, martingale or bows, or a fool-the-eye pointed yoke.

Focus, too, is on shoulders. They are arched, sometimes built out or slightly puffed.

Every designer is talking about shape achieved through skilled cut and intricate seaming.

Suits look younger with their just-below-the-hipbone jackets, pleated skirts and cut, which fits the body closer.

Two-Car Crash Fatal To Four On Bridge

CAMDEN, N.J. (AP)—An automobile went across three lanes of the Benjamin Franklin Bridge and collided with a Philadelphia-bound car carrying three persons Sunday. All four persons in the cars died.

Police said the driver of the first car, Gordon Martorano, 20, of Camden, may have fallen asleep at the wheel as he came downhill toward the toll booths on the New Jersey side of the eight-lane bridge that links Camden and Philadelphia.

In the Philadelphia-bound car were Craven L. Goodman Sr., 39, a tailor from Camden; his wife, Maxine, 33; and Mrs. Carmel F. Gardner, 33.

Iron for Baby Pigs

Swine producers in Missouri with baby pigs are asking for recommendations for using iron for anemia in baby pigs on frozen ground.

University of Missouri animal husbandmen say pigs that are old enough to be on frozen ground are old enough to be eating a creep ration, therefore they will get enough iron in the creep ration to prevent anemia.

Pigs that are two to four days old need some supplemental iron treatment. This is commonly done with an injection of iron at the level recommended by the manufacturer.

Proud To Have Given Fame To Church In the Wildwood

WICHITA, Kans. (AP)—Out of 77 years of memories, one of the proud recollections for Lester Weatherwax is having helped a church and a song to international fame.

Lester and his brothers, Bill, Asa and Tom, brought renewed popularity to a small Iowa church and the song associated with it—"The Church in the Wildwood." Although that was two generations ago the song and the church continue to be widely known.

The brothers, natives of an Iowa farm, had formed a quartet known as The Weatherwax Boys. Lester sang baritone. Tom, the bass, Asa first tenor and Bill second tenor. They became well known in the early years of this century and traveled the United States and Canada from 1910 until 1921. A few years later Lester settled in Wichita.

Still slim and unusually active for his 77 years, Lester recalls vividly the night in St. Louis when a member of the audience asked the quartet to sing "The Church in the Wildwood." "We were flabbergasted," he recalls. "It didn't fit in with our classical program. But we sang it and the response was overwhelming."

Their rendition of the song became so popular that within a few weeks the brothers began building their programs around it. Each time they sang it they told the history of the song and of the real church in the wildwood.

They knew it well for their farm home near Charles City, Iowa, was only a dozen miles from the place where the little church was built a century ago and still stands.

The song was written in 1857, three years before construction began on the church at Bradford, Iowa. The congregation had been organized in 1855 as the First Congregational Church of Bradford. The town is now extinct but another town by the same name has grown up 60 miles away.

After rising to some degree of fame, the church began declining along with the town, which had lost a bid for a railroad. The town disappeared but the church remained and became a rural church near Nashua, Iowa.

"The little brown church of Bradford seemed to be going the way of so many of America's rural churches," said Weatherwax.

Then the Weatherwax boys began singing and telling about "The Church in the Wildwood."

"Travelers began seeking out Nashua and the little church about which we told them," Weatherwax said. "By 1915-16 the church had been restored to its original state."

"We count it a God-given opportunity to have been a part of spreading the story and the song of the shrine."

Of the Weatherwax boys, Asa died in 1940 and Tom in 1962. William, now 90, is in a rest home in Iowa.

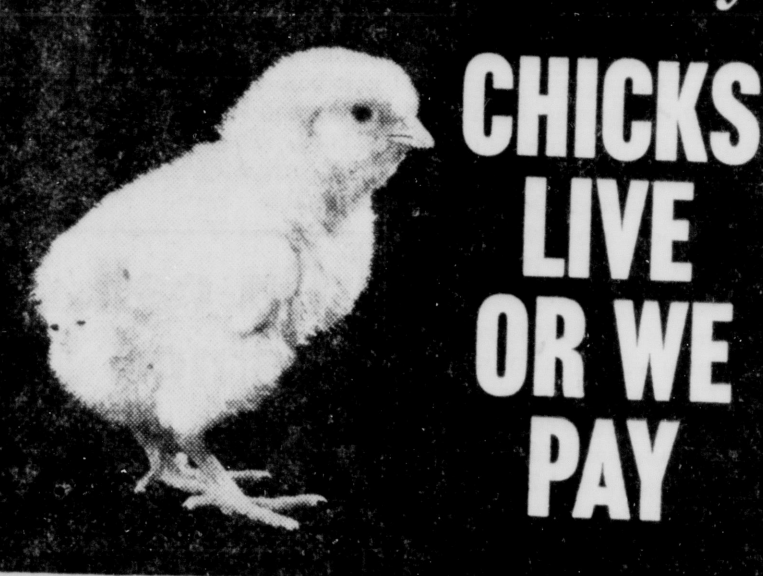

Lester retired in 1962 after serving for 32 years as minister of music at the First Methodist Church of Wichita.

St. Paul's Church Circles In Meetings

Circles of St. Paul's Lutheran Church met as follows for their February meetings:

Rebecca Circle met at the home of Mrs. Stanley Gertz with eight members present.

The meeting was called to order by the chairman, Mrs. Gertz, who gave the devotional by reading scripture. She also presented the lesson "The Holy Spirit in Our Home Mission Program."

It was reported that two calls were made and Valentines sent to shut-ins.

The mite-box collection was held and prayer letters from Africa and New Guinea were read.

The meeting closed with the Lord's Prayer.

Rhoda Circle met in the home of Mrs. Ethel Dieckmann with six members present.

Mrs. Marvaline Boyd, chairman, led the meeting with the reading of Matt. 11:19-26.

The circle project was discussed and reports were given concerning the shut-ins.

Prayer letters were read from several missionaries. Mrs. Pat Childs led the group in the topic.

The meeting was closed with the mite box devotion and praying the Lord's Prayer in unison.

Rachel Circle met with Mrs. Clarence Monsees with six members and one guest, Mrs. Dennis Davis, present.

The meeting was conducted by Mrs. Delbert Steffens, chairman. Mrs. Steffens also read the scripture and led in prayer. She presented the topic, "The Holy Spirit in Our Home Mission Program."

Reports were made on the circle project, "Soul Winning," and visits to shut-ins.

Mrs. Kenneth Carville read a prayer letter from Missionary Dwight Wegner in New Guinea.

The March meeting will be held in the home of Mrs. Delbert Steffens with Mrs. Eugene Viets as topic leader.

The meeting closed with praying the Lord's Prayer in unison.

Eunice Circle met at the home of Mrs. Otto Rosebrock. A dessert luncheon was served to nine members.

The meeting was conducted by the chairman, Mrs. Clifford Hoover. She gave the devotional by reading scriptures and presented the lesson, "The Holy Spirit in Our Home Mission Program."

Chapters five and six of the Altar Guild book were discussed by the group. Two chapters are assigned for the next meeting. Mrs. Rosebrock consented to stay on the altar committee for another month.

Mrs. Leonard Miller read the African and New Guinea prayer letters.

The meeting closed by praying the Lord's Prayer in unison. The next meeting will be March 11 with Mrs. Lillian Mosier as hostess.

Elizabeth Circle met at the home of Mrs. J. G. Stinnett. The meeting was called to order by Mrs. George Buchholz.

Mrs. Harold Bergmann gave the topic, "The Holy Spirit in Our Home Mission Program."

Middle-Aged Men Hear Some Discouraging Talk

By HAL BOYLE
NEW YORK (AP)—Remarks of a middle-aged man gets tired of hearing:

"You go first. Age before beauty."

"Take it easy going up these stairs. Remember, you're not as young as you used to be."

"Oh, Joe is a stickler for doing things the old way. After he leaves the office, go ahead and do it any way you want to. By tomorrow he will have forgotten all about it."

"Don't forget your muffler, dear. It may turn cold."

"No Joe, I don't think you should have any dessert. You know what the doctor told you fat could do to you at your age."

"Mr. Fogey, I hear so much kidding these days about President McKinley's times. What was McKinley really like—and did you ever talk to him?"

"He's learning his ABC's all over again, but this time they stand for aspirin, bicarbonate of soda and cholesterol."

"Why give the promotion to him? At his age he isn't likely to leave the firm."

"I'm sure it's nothing serious. Ethel. But you know how stubborn Joe is. He insisted on putting in the tomato plants again this year, and all of a sudden he couldn't straighten up."

"I don't care if your feet are killing you. This is a lovely party, and we're not going home until I am darn good and ready. So quit yawning, and for heaven's sake try and look alive."

"Here's a funny joke in the newspaper, dear. It says middle age is that time of life when it takes a man longer to clear his throat in the morning than it does to shave."

"Quit your grumbling. You ought to be glad that Janice given for a needy family."

There were nine members and two guests present, Mrs. Rosebrock and Mrs. Simpson.

Mrs. P. J. Fisher and Mrs. Harold Bergmann reported on calls made to newcomers.

The youth banquet, April 5, was discussed and a suggested menu was presented.

The meeting closed with the Lord's Prayer. The March meeting will be held with Mrs. Leonard Harsch.

Kenny Pabst Wins Singles All-Events Bowling Crowns

In a brilliant display of bowling, Kenneth Pabst blasted series totals of 236, 233, 201—670 in the singles and doubles as he took home the championship in both the singles and the all-events as the Men's city tournament came to a close Sunday at Broadway Lanes.

Pabst, president of the Men's Bowling Association, nailed games of 236, 233, 201—670 in the singles and 234, 185, 247—666 in the doubles. His 515 opener in the team event with his 1336 in the singles and doubles gave him a nifty 1851 total for the all-events crown. Pabst, a 183 average bowler, added a handicap of 33 pins to his 670 scratch series for a rousing 703 as he raced to the singles championship.

Finishing in the second position in the singles was Gerhardt Jaeger with 669. Jaeger unloaded games of 218, 214, 213—645 plus 24 pins handicap.

Bob McCurdy and Bud Buford tied for the third and fourth positions with totals of 664. McCurdy had games of 235, 206, 199—640 plus 24 pins while Buford fired 175, 245, 193—613 plus 51 pins handicap.

In the doubles it was James Hieronymus and Bus Walker with a splendid 1307 which was good for the title. Hieronymus rolled 172, 199, 202—573, while Walker countered with a dandy series of 217, 222, 196—635. Walker, now throwing strikes on the bowling lanes rather than the baseball diamond, carved a 603 with the W. A. Smith Motor Co. team as they topped the team championship. Hieronymus was also a member of the W. A. Smith team.

Finishing in second place in the doubles were John Bowman and Kenneth Pabst with 1294. Bowman recorded 535 and Pabst 666 for a 1201 scratch series and 93 pins handicap. Bob Austin and Al Hall combined forces for a 1288 which was good for the third spot. Austin laced games of 199, 187, 224—610 while Hall rolled 182, 162, 190—534. They drew 144 pins handicap.

Kenneth Pabst grabbed the top rung in the all-events with a dandy 1851. Traveling at a 205 plus average over the nine game route, Pabst parlayed series totals of 515, 670, 666—1851 which was good for the coveted award.

Bob McCurdy, averaging 203 with 1829 total finished in second place. McCurdy had 592 in the team event, 640 in the singles and 597 in the doubles.

Charley Palmer put together series of 570 in the team, 592 in the singles and 624 in the doubles for 1786 and third place. He was followed by Harry Hoffert with 1780 and D. L. Brown with 1763.

All awards will be made at the annual bowling banquet held March 21 at the Bothwell Hotel.

Rod and Gun Club Defeats Visiting Team

The Sedalia Rod and Gun Club defeated the United Sportsman's Club of Jefferson City in a Sunday shoot at the local club by five rocks. The local club has a return match in Jefferson City April 5. A traveling trophy will be awarded at this shoot.

Christian was high man for Sedalia Sunday, while Steppelman was high man for the visitors.

The main attraction of the afternoon was the superb shooting of Frank McGinnis, a 15-year old boy who showed some of the oldtimers his two years of experience on both skeet and trap had been well taken.

The following scores show the number of rocks broken out of 50 tossed.

New Kansas Director Of Athletics

LAWRENCE, Kan. (AP) — Wade Stinson, 37, Chicago insurance executive and former standout football halfback at Kansas, is the new athletic director for Kansas, succeeding veteran A. C. (Dutch) Lomborg.

Stinson was appointed by the Kansas Board of Regents Saturday and is expected to assume his new duties July 1. Lomborg, 66, was given a one-year extension last year when he reached retirement age.

"I think his appointment is wonderful," Lomborg said. "He's a real fine chap and will do a good job."

Stinson gained 1,129 yards rushing and scored 84 points in 1950. Both figures still stand as school records. He played with a glove on his hand due to an injury suffered as an infantryman in World War II. The hand was burned severely in a training accident at Little Rock, Ark.

"Kansas is my first love and my home is Kansas," Stinson said. "I'm just tickled to death." The new athletic director made his first public appearance in the new post when he was introduced to a crowd of 16,000 at halftime of the Kansas-K-State basketball game in Lawrence Saturday night.

Stinson is district manager for the Equitable Life Assurance Society. He said he felt his business experience would help him in handling financial affairs of the KU athletic department.

Cuba, during World War II, sent many shiploads of precious nickel to toughen steel used in U.S. armament plants.

Big Strike Zone Makes A Difference

By MIKE RATHET
Associated Press Sports Writer

"The bigger strike zone made some difference. I went after had pitches more than I would have before."

The outfielder who said that knows what he's talking about. In 1962, he hit .346 with 27 homers and 153 runs batted in, and last year dipped in all three departments to .326, 16 homers and 88 rbi.

How much was he cut? Tommy Davis of the Los Angeles Dodgers, the slumper in question, received a \$15,000 raise, getting a boost to the \$42,500 neighborhood during the weekend when he signed his 1964 baseball contract.

Davis can join a select group this season if he wins the batting title for the third straight year. Only Ty Cobb, Honus Wagner, Rogers Hornsby and Stan Musial have been able to win three or more titles in a row. Musial was the last to accomplish the feat, winning from 1951 to 1953.

Davis won his second straight title by only six points over Pittsburgh's Roberto Clemente, who signed with the Pirates during the weekend along with pitcher Joe Gibbon.

Wichita, Drake Head For Crown

By THE ASSOCIATED PRESS

Wichita and Drake may be headed for a co-championship in Missouri Valley basketball, the second title tie in three years, which would require a playoff for the league's NCAA berth.

Cincinnati's deposed Valley champions threw the race into a tie by upsetting Drake 61-55 at Cincy Saturday after Wichita beat St. Louis 86-71. This left Drake and Wichita both at 8-2. Each has two home games left to play.

Wichita's last game isn't until March 2. The playoff probably would be held a few days later at a neutral site yet to be determined. Cincy and Bradley tied for the crown at 10-2 in 1962. Cincy won the playoff 61-46 at Evanston, Ill., then swept on to a second straight NCAA title.

Drake's defeat gives Wichita a chance to crack a long-standing jinx. Never in the 11-year history of NCAA Midwest Regionals has the host team won the title. Only twice has the host team even reached its own regional, although usually favored to do so. Wichita is the host for the first time for the Midwest Regional, March 13-14.

Kansas was host for the regional five times, each time with the Jayhawks watching. Kansas State was host four times and every time the Wildcats were on the sidelines.

Bradley's 82-72 victory over Notre Dame at Chicago Stadium was its seventh straight for an 18-5 season record that makes the Braves a prime NIT candidate. St. Louis, tied for third at 6-4 with Bradley is 12-9 for the year and probably would have to sweep its last four for another trip to New York.

Wichita is barred from the NIT, but not the NCAA, because of a league disciplinary action in a recruiting case last year.

Dave Stallworth led the Wichita victory with 30 points and moved close to Ron Bonham, Cincy standout held to 12 points, for the league scoring crown. Sophomore Ron Krick led Cincy with 20 points after sitting on the bench the first 11½ minutes.

UCLA Can Clinch Big Six Title In Tonight's Game

By MURRAY CHASS
Associated Press Sports Writer

UCLA, whose previous NCAA basketball tournament performances have been almost as perfect in reverse as its unbeaten record this season, can clinch the Big Six title and another berth in the post-season play tonight at Washington.

By winning their 23rd game against Washington, a team they've whipped twice already, the Bruins can go into the tournament for the third straight year and sixth time altogether. The nation's No. 1 team clinched at least a tie for the conference championship with a come-from-behind 100-88 triumph over Stanford Saturday night.

Among the other top ten teams, Michigan, Kentucky, Duke, Wichita, Oregon State and Davidson won while Villanova and Drake were upset. DePaul didn't play.

Leading UCLA's attack have been senior Walt Hazzard and junior Gail Goodrich. They did it again Saturday night, scoring

53 points between them. Hazzard had 27 and Goodrich 26. Each, however, was outscored by Stanford's Tom Dose, who pitched in 38 points. In fact, the Bruins had to throw up a full-court press in the second half before they could overcome a 42-37 halftime deficit.

Kentucky, 20-2, moved into

Ann Landers

Answers
Your
Problems

Dear Ann Landers: Is it possible for a person to bring the hiccup on himself? The fellow to whom I'm engaged manages to get the hiccup at the most inopportune times. I believe Bud does it to attract attention, although he denies it.

Last week in the theater Bud started hiccuping — and I mean loud. He hiccuped for five minutes straight. Everyone in the place was roaring with laughter. I told him to cut it out because he was embarrassing me. Bud said he couldn't help it. Finally I warned him that if he hiccuped one more time I was walking out. The hiccup disappeared immediately.

What does this sound like to you? Do you know of a quick hiccup cure? Thanks for your help.—CHAGRINED.

Dear Chagrined: Some people CAN bring on their own hiccups. Bud may or may not have this dubious talent.

One thing seems clear, however—once he gets the hiccup he plays 'em for all they're worth.

There are many home cures for simple hiccups. The one that works for me is this: Hold the breath as long as possible then take a sip of water and hold the breath again—until the hiccup disappears.

Dear Ann Landers: Your advice to "Screaming Mother" was excellent. But I hoped you'd say something about the victims of "screaming mothers"—their helpless children.

My little brother and I were screamed at, slapped and knocked around almost every day of our lives. Dad would say, "Mother doesn't mean it. She's nervous."

My brother had an ulcer operation when he was 15 and died three months later. I had a nervous breakdown during my junior year in high school, and

spent ten months in a private hospital.

I'm a senior in college now, working part-time to pay for psychiatric therapy. Mother still screams at me every day, and reminds me of how much she went through to raise me. Thank God I've learned to tune her out but it has taken years.

If MY "Screaming Mother" had had some therapy perhaps she would not have made emotional cripples out of her children.—DELORES (which in Spanish means DAUGHTER OF SORROW)

Dear Delores: If your therapy is a total success you will not only be able to "tune your mother out" but to forgive her. This poor woman, like thousands of other screaming mothers, is wretched and miserable. Temper your judgement with mercy.

Dear Ann: Is it possible for a married man to keep in close touch with a former girl friend and still be faithful to his wife?

The woman is 31 and has had three unsuccessful marriages. After her last divorce she called Rod and said she had to talk to him. He hopped into the car and drove right over to her place. It was 2:30 a.m. before he got home.

This woman has a 10-year-old daughter who calls my husband "Uncle Rod." I was furious when I learned he took this child to the circus but was too busy to take his own three youngsters. (I found the ticket stubs in his pocket.)

I've put up with this pal stuff for 12 years. Rod claims he is serving humanity. Advice, please.—I. M. FED.

Dear Fed: It's time the girl found an unmarried humanitarian to cry on. And it's time your husband grew up.

Ann Landers will be glad to help you with your problems. Send them to her in care of this

Spring Still Far Behind

Usual Rush Expected For Opening Of Trout Season

JEFFERSON CITY (AP)—deep in the water casting and fishing again.

They'll blow on their be-numbed fingers and tie on another fly.

They'll hunch their backs against the icy wind and cast once more.

They'll catch fish, too. And each one will be greeted with a whoop and holler.

They'll have fun and they'll forget the weather. It's that way every opening day of the Missouri trout season.

Down at Roaring River State Park near Cassville, in southwestern Missouri, conditions may be just a shade below normal because prolonged drought reduced the flow of water from the spring. But a series of man-made baffles holds the water in pools there and the beauty of the park, nestled in the narrow and deep valley, would itself make the trip worthwhile.

At Bennett Spring State Park, near Lebanon, opening day attracts the greatest number of anglers and onlookers. Last year there were 1,058 trout tags sold on the first day of fishing.

Montauk State Park south-west of Salem also draws a big crowd, not only on opening day but throughout the eight-month trout fishing.

The fourth heavily fished area is Maramec Spring, between St. James and Steelville. The area is owned by the James Foundation, set up by descendants of the operators of the first iron smelter in Missouri at the site.

March 1 is bound to be a gala day for trout anglers in Missouri. It always is, no matter what the weather.

LaMonte Nautilus Club Observes Its 50th Anniversary

The LaMonte Nautilus Club observed its 50th anniversary as a federated club on Thursday, Feb. 20, at a meeting held at the home of Mrs. S. O. Russell, at which time Miss Mabel Harris, the only charter member present, gave the history of the club. Miss Harris was presented with the club's 50 year pin by Mrs. Frank Breon, president of the club.

The birthday committee composed of Mrs. Ralph Crawford, Mrs. Earl Thompson and Mrs. Clay Curtis, presented the program. A card of congratulations was received from the Knob Noster Progressive Club.

The meeting was presided over by Mrs. Breon, and the pledge of allegiance was followed by the devotion given by Mrs. R. B. Burke.

Assistant hostess with Mrs. Russell was Mrs. Ruth Price. The meeting was attended by

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®.

Founders Day Fantasy Program

The Jefferson PTA held its annual Founders' Day meeting on Feb. 20, at 7:30 p.m. in the school auditorium, at which time former presidents were honored. Mrs. James Shull was awarded a lifetime state membership for her outstanding contribution to the PTA.

A skit entitled, "A Founders' Day Fantasy" was presented by several members of the PTA.

Mrs. James McCall presided over the meeting and devotional was given by Mrs. Fred C. Staley.

24 members and two guests, Mrs. Floyd Ripley and Miss Ada McNair.

Refreshments were served during the social hour by the hostesses and members of the birthday committee.

Mrs. Betty Murrell, school nurse, explained the tuberculosis tests which are to be given at the schools.

Room count was won by grade three.

A musical program was presented by grade three under the direction of Mrs. Helen Coffelt.

The meeting closed with Nancy Ryan singing "I Believe."

Refreshments were served during the social hour that followed, from an attractive table with white lace cloth and floral centerpiece.

what's a telephone supposed to look like?

How it looks depends upon the way it serves you. It might look like this new Panel phone that's built into the wall. Or perhaps your needs call for:

The dainty Princess® with light-up dial... or a phone that hangs on the wall... a key set phone... the excitement of decorator color... perhaps a phone with speakers and amplifiers that let a group take part in a conversation.

New telephone designs give you an ever wider choice of styles for convenience, efficiency and beauty. They're another way of improving service to increase the personal value of your phone.
